(Company Name) Enteral & Total Parenteral Nutrition (TPN) Program supports our clinical counterparts in the hospital setting every step of the way.

Bridging the Gap to Home Nutritional Therapy

-  Individualized patient & caregiver education, including pre-discharge instruction
-  Insurance & medical coverage verification
-  Fast, reliable & free home delivery
-  Provides custom & generic nutritional products
-  Ensures better continuity of care with our in-system medical nutrition program
-  Reduces rehospitalizations and complications with in-home nutritional care
-  Delivers patient and therapy-specific supplies

Accredited by The Joint Commission

Company Address

Our simple and timely referral process assists in the pre-discharge planning and facilitates seamless and safe discharges for your patients.

OUR PROMISE TO YOU

Enhanced patient care. We positively impact patients' lives through expanded services from a provider they know and trust. Keeping patients within the (Company Name) network, with physicians and providers they are familiar with, alleviates the uncertainty that can accompany in-home nutritional services.

(Company Name) Pharmacy also adds new and unique services to the community. We are proud to bring our clinical expertise and knowledge to you and your patients.

Convenience and Assurance. We know the importance of a simple and streamlined referral process. That's why we promise a 1-hour turnaround time for all referrals.

Simply fax us a completed Texas Health Resources Referral form to (000) 000-0000 and we will take care of the rest!

**Customized Nutrition Care For You
And Your Patients.**
